

Dear Mr. Powell:

I resent the fact
that Pappas
Telecasting
Companies' are
donating airtime to
Republican
candidates without
offering time to
opposing viewpoints.

To me the is just
another instance of
a privately owned
company using the
public airwaves free
of charge for their
own political gains.

As an American
citizen, I think you
should protect our
airways, and prevent
Pappas and others
like them from
exploiting what
belong to us -- the
American public. I
feel it is your duty
to do something
about this. After
all, as head of the
FCC you are the
guardian of our
rights.
